Characteristics:

Size: 22x20x9 cm
Weight: 150 g
Volume: 3.25 l
Material: polyester
Packaging: 1/48

Pre-school backpack – the lightest and most compact model for children age 2 to 5. This cute little backpack is the perfect candidate to be the child's favorite accessory. It is practically weightless, creating a feeling of comfort on the shoulders. This miniature model with charming design is a wonderful present for the child that can be taken to kindergarten, to play in a sandpit or go for a walk.
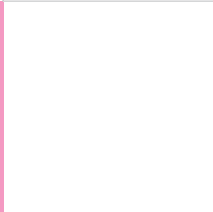

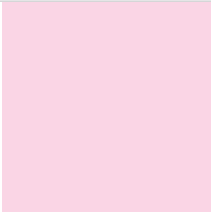

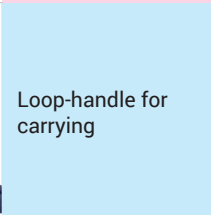

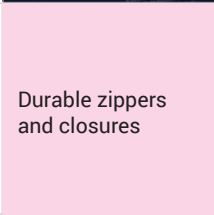

Kite backpack on the outside:

- adjustable shoulder straps to fit the child's height;
- chest strap fixes the little backpack in comfortable position;
- loop-handle for carrying or hanging;
- durable zippers and closures;
- reflectors.

Kite backpack on the inside:

- 1 spacious main compartment;
- sturdy lining.

ANTI GRAVITY SYSTEM™

EDUCATION
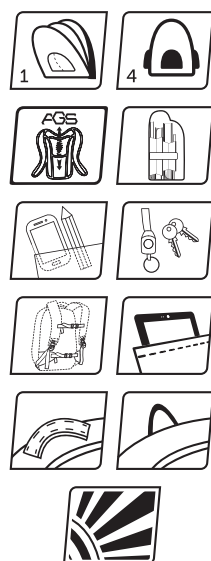

Characteristics:
Size: 38x28x15 cm
Weight: 975 g
Volume: 13,25 l
Material: polyester/EVA
Packaging: 1/6

School set Wonder Kite – perfect offer for elementary school

School backpack Wonder Kite

A semi-hard-shaped model made of durable polyester. This backpack is extra-comfortable and practical. Anti Gravity System (AGS) back springs up like a car air suspension when the child is walking and the weight of the backpack feels 25% lighter. This model is approved by the German Institute of Health and Ergonomics IGR for kids aged 6-10 years old with a height of 130-145 cm.

Backpack on the outside:

- anatomic back with Anti Gravity System (AGS) which reduces the load on the back;
- soft breathable S-shaped shoulder straps;
- a removable chest strap that fixes the straps in the comfortable position and distributes the weight properly;
- a removable waist strap that provides additional support and reduces the load;
- a spacious front pocket with extra durable embossed EVA panel with an organizer, key chain and phone pocket with plush lining inside;
- front pocket with zipper;

- 1 spacious compartment;
- a special inner dividing system with elastic fixing band for books and notebooks;
- a tablet pocket with soft plush inside;

- 2 side pockets with fixing elastic band for a bottle of water or small thermos;
- a comfortable padded handle for carrying;
- a textile loop handle;
- a padded bottom with plastic legs – it is stable and durable;
- light-reflecting elements from 4 sides;
- durable secure fittings such as smoothly working zippers and pullers.

Backpack on the inside:

- icons telling the purpose of each pocket for an easy navigation;
- a durable branded lining.

Characteristics:

Size: 35x26x13.5 cm
Weight: 760−830 g
Volume: 12 l
Material: EVA, polyester
Packaging: 1/4

Framed orthopedic backpack For first-graders and elementary school children. The lightest and most compact framed backpack. This model was approved by the German German Institute für Gesundheit und Ergonomie (IGR), recommended for children, height 115-130 cm.

Backpack on the outside:

- patented orthopedic Ergo Kids back with soft breathable pads;
- wide S-shaped shoulder straps;
- 2 side mesh pockets with elastic band edging for a water bottle or small thermos;
- reflectors on all sides for safety on the road during hours of darkness;
- thickened main handle and a loop-handle for convenient hanging;
- removable chest strap for correct load distribution and fixation of backpack;
- rubberized reinforced bottom with palstic legs;
- high-quality zippers and closures.

Backpack on the inside:

- 1 main compartment;
- phone or tablet pocket with plush lining;
- 1 pocket with elastic band edging for lunchbox or pencil case;
- system of dividers with elastic band fasteners for neatness in the backpack and correct load distribution;
- sturdy branded lining;
- space for personal information;
- prompting icons to find your way around the backpack.

Characteristics:

Size: 36x29,5x16 cm
Weight: 925 g
Volume: 15,5 l
Material: polyester
Packaging: 1/6

It is an ergonomic backpack and mini bag in one model! This trendy multifunctional accessory will accompany the child to school and take care of the health of the posture. The backpack can easily transform into a lightweight and compact bag. The spacious front pocket is removable and serves as a stylish accessory itself. A comfortable long strap on carabiners is included. For maximum convenience, there are many pockets and compartments. This model got a certificate from the German Institute of Health and Ergonomics IGR due to its orthopedic qualities. It is recommended for children with a height of 115 - 130 cm (aged 6-8 years old).

Backpack on the outside:

- comfortable orthopedic Ergo Kids back with soft breathable pads;
- wide anatomic S-shaped shoulder straps which help to maintain the correct posture and prevent any shoulder discomfort;
- removable chest strap that fixes the backpack in the correct position;
- removable waist strap which provides additional support and reduces the load;
- a removable front pocket-purse that can be worn separately;

- a long adjustable strap for the purse on 2 carabiners;
- 1 spacious front pocket with zipper;
- 2 side pockets for a water bottle or a thermos;
- an ergonomic handle with plastic insert and loop handle;
- padded rubbered bottom which is easy to clean;
- light-reflecting elements from all sides;
- high quality wear-resistant zippers.

Backpack on the inside:

- 2 spacious compartments;
- tablet pocket with a fixing Velcro strap and plush to protect the screen;
- plush phone pocket with zipper;

- a spacious pocket for stationary;
- a special tag for personal data;
- durable branded lining;
- icons telling the purpose of each compartment or pocket.

Weight: S – 730–870 g; M – 800–900 g
Volume: S – 15.5 l; M – 16 l
Material: polyester
Packaging: 1/4

Semi-framed orthopedic model for elementary school. Rigid side panels retain form and help the child to keep things neat inside the backpack. Soft side reduces total weight. For its orthopedic features this model received a certificate from the German Institute für Gesundheit und Ergonomie (IGR). Recommended for children with height 115–130 cm (S), 130–145 cm (M), age 6-10.

Backpack on the outside:

- patented orthopedic Ergo Kids back;
- wide S-shaped shoulder straps;
- 1 spacious front pocket sized to fit a pencil case or lunchbox;
- 2 side mesh pockets with a zipper for a water bottle or a small thermos;
- reflectors on all sides for safety on the road during hours of darkness;
- thickened soft main handle and textile loop-handle for convenient hanging;
- removable chest strap for correct load distribution and fixation of backpack;
- rubberized reinforced bottom;
- high-quality zippers and closures.

Backpack on the inside:

- 1 spacious main compartment;
- tablet pocket with velcro fastener with plush lining inside;
- phone pocket with plush lining;
- organizer for small stationery items with removable key holder;
- sturdy branded lining;
- space for personal information;
- handy navigation icons.

Model

Soft backpacks

770

Characteristics:

Size: 38x27x13 cm
Weight: 770 g
Volume: 14 l
Material: polyester
Packaging: 1/8

It is incredibly lightweight, compact and spacious. Due to the padded bottom and back, the model meets the requirements of «backpack's orthopedics» and allows to distribute the weight and load evenly across all parts of the spine. Well thought-out organization of the inner space is a guarantee of a perfect tidiness and careful storage of school supplies. Soft backpacks, on average, are 200-300 g lighter than hard-shaped ones. The model is recommended for children with a height of 130 - 145 cm (6-10 years old).

Backpack on the outside:

- orthopedic Ergo Kids back with soft breathable pads;
- wide anatomic S-shaped shoulder straps;
- removable chest strap with plastic buckle that fixes the backpack in the comfortable position;
- 2 front pockets with zippers; one of them can be used for a lunch box or pencil case;
- soft padded handle for carrying and loop handle for hanging the backpack on the hook;
- 2 side pockets with wide elastic band for a water bottle or a thermos;
- padded bottom with PU coating which is easy to clean with wet wipe;
- light-reflecting elements from all sides;
- high quality smoothly working secure zippers and nice to touch pullers with rubber coating.

Backpack on the inside:

- 1 main compartment;
- 1 mesh pocket with zipper;
- tablet pocket with plush to protect the screen;
- durable black branded lining;
- icons showing the purpose of each compartment or pocket for an easy navigation.

EDUCATION TEENS

The backpack is comfortable, compact and very spacious. It has a lot of pockets inside and outside so you can keep all of your belongings on their places. The model is recommended for kids from 9-12 years old with the height of 130 – 145 cm. It will compliment any style and will become a favorite accessory for school or city.

Backpack on the outside:

- orthopedic breathable Air Comfort back with soft pads which reduces the load on the back and gives a feeling of comfort;
- wide S-shaped shoulder straps are lightweight and comfortable;
- removable chest strap fixes the backpack in the comfortable position and helps to distribute the weight properly;
- glasses pocket with soft fleece lining;
- 3 front pockets;
- 2 elastic side pockets for a water bottle or a thermos;

- secret pocket in the back – for small items;
- soft padded carrying handle with EVA inside and textile loop handle;
- stable padded bottom;
- high quality smoothly working secure zippers and pendant pullers;
- light-reflecting elements to be visible on the road when it is dark outside.

Backpack on the inside:

- 2 spacious compartments;
- dividing system with elastic fixing band for books and notebooks to keep them tidy and to balance the weight of the backpack;
- tablet fleece pocket which protects the screen;
- phone pocket with fleece lining;

- organizer with stationary and small items;
- zipper pocket;
- removable key chain;
- durable, branded lining;
- inside navigation icons suggesting the purpose of each pocket.

ANTI GRAVITY SYSTEM™

Characteristics:

Size: 45x30x17 см
Weight: 1020 г
Volume: 15 л
Material: polyester
Packaging: 1/8

K22-2585L
Code: 62433

This model has an innovative Anti Gravity System (AGS), which makes the backpack spring up like a car air suspension. It seems to float behind your back! The weight of the backpack feels 25% lighter. Due to ergonomic construction, this comfortable and spacious backpack helps to maintain the correct posture and significantly reduces the stress, which is important for students who have to carry a lot of heavy books and notebooks every day. Solid classic design is stylish and all-purpose. It goes well with any look or style including even the business style. The model is recommended for people from 16 years old. (with a height of 145 - 175 cm).

Backpack on the outside:

- anatomic back with Anti Gravity System (AGS) with soft breathable pads;
- ergonomic soft breathable S-shaped shoulder straps;
- removable chest strap that fixes the straps in the comfortable position and distributes the weight properly;
- spacious front zippered pocket;
- front zippered pocket with a phone pocket with fleece insert and pocket for small items inside;
- 2 side pockets for small thermos or water bottle;
- secret pocket for valuables on the back;
- luggage strap for comfortable trips;
- soft padded handle for comfortable carrying;
- practical padded bottom;
- durable secure fittings such as smoothly working zippers and pullers.

Backpack on the inside:

- 1 main compartment with extension to increase the volume when needed;
- laptop pocket with fleece and fixing Velcro band;
- tablet pocket with fleece to protect the screen;
- pocket with zipper;
- 2 pockets for small items;
- durable branded lining;
- icons telling the purpose of each pocket for an easy navigation.

WALLETS

Model 595

Characteristics:

Size: 6.2x6.2x2.8 cm
Weight: 45 g
Material: silicon
Packaging: 1/50/200

Kids wallet is a charming accessory for preschoolers. It is tiny, soft and incredibly cute, made of silicone that is pleasant to the touch. The compact zipper compartment is convenient for storing coins, stickers, hairpins, stationery items and other children's «treasures».
With a metal carabiner and a fixing ring, the wallet can be fastened to a backpack, clothes and keys. At the same time a cute toy, an unusual keychain and a real functional wallet. The material is wear-resistant and undemanding in care – if necessary, simply wipe it with a damp cloth.

Model 596

Characteristics:

Size:11.8x11x3.5 cm
Weight: 45 g
Material: silicon
Packaging: 1/50/200

Kids wallet is made of soft and tactilely pleasant silicone. Charming wallet is a functional accessory and a fun toy at the same time. The laconic format with one large compartment is the best solution for preschoolers. You can store pocket money, small toys, accessories for dolls, candy wrappers, beautiful stones and beads in it, in general, anything. It is very convenient to use as a key holder or coin holder.
It closes with a zipper that works smoothly and securely. The decor is applied with high quality, does not fade over time. Due to its small size, the wallet fits comfortably in a child's hand. Beautiful emotional gift for kids from 3 to 7 years old.

PENCIL CASES

Model
623

Characteristics:

Size: 19.5x12.5x4 cm
Weight: 220 g
Material: polyester
Packaging: 1/50

School pencil case Kite 623 will help the child to be more organized and not be distracted by looking for an eraser or pen. All favorite stationery will be neatly fastened and always at hand. Kite pencil case can hold not only writing accessories but also stationery for crafts lessons – scissors and paintbrushes. It is a perfect match with the backpack and shoe bag from the same collection.

Pencil case on the inside:

• 2 compartments;
• elastic bands to fix the stationery;
• contrasting colored elastic bands.

Material: polyester with PVC added for better durability. Passed complex wear and tear tests, resistant to external impacts. Does not fade under sunlight, preserves its properties and appearance for a long time. Durable zipper runs easily and smoothly.

Shoe bags

Model

600

Characteristics:

Size: M – 46x33 cm; L – 49x36 cm
Weight: M – 90 g; L – 110 g
Material: polyester
Packaging: 1/25/100

Shoe bag is made of polyester. Children age 6-10 (model 600M) and 9-12+ (model 600L) will enjoy these shoe bags to carry things to PE classes and sports clubs. A change of shoes put into this lightweight and durable sack will prevent from getting the backpack dirty. This bag can also be carried behind your back as a small rucksack.

• 1 compartment;
• Hanger loop;
• The bag is pulled together with a drawstring with plastic cord locks;
• Intended to store and carry sports clothes and shoes;
• Goes perfectly with the backpack and pencil case from the same collection.

Material passed complex wear and tear tests, resistant to external impacts. Material does not fade, retains properties and appearance after washing.
