

**KITE**®  
first-class stationery

2022

# Kite Stationery 2022

Kite stationery is a traditional combination of high quality, incredible emotional designs and convenient formats. Here you can find everything a pupil needs for lessons, breaks and extracurricular activities.

## A wide range of licenses for all tastes

**Favorite children's licenses** are pupil's best friends. As kids are so eager to learn with the characters cartoons of **Hello Kitty, My Little Pony, Transformers**; to admire the pretty fluffy **Studio Pets** and **Rachael Hale**; to get inspired by the speed of **Hot Wheels** cars, courage of **DC** superheroes, the magical world of **Harry Potter** and **NASA**.

Collect the full capsule in the dream license so your favorite characters will be always near. The capsule collection of stationery will inspire the child to learn with pleasure and inspiration, will help to feel confident in the team. And the most important — will show preferences and help find new friends with common interests.

In 2022 Kite brand presents the most desirable licenses — **Rick & Morty, Mortal Kombat, Tokidoki, Likee**. We know what children dream about and what they are interested in. That's why we always bring to life their most cherished desires. Every pupil will want to write in such notebooks and with such pens.

## What's new in the range of Kite stationery 2022?

Stunning variety of products for school and arts which can turn everyday life into a real fairy tale.

- **Many new desk organizers** — for perfect order and comfort.
- **Bright book stands** — now even easier and more enjoyable to read.
- **Eva foam and magic paper** will turn creative activities into a fantastic adventure.
- **Wall-planners and boards for notes** will remind you about all important events.
- **Lots of new notebooks** with a unique cover design.
- **Lunchboxes, thermoses and thermo mugs** will make sure that the child is always full and satisfied.
- **Creative desktop waste bins** will keep the workplace clean.

Each category of goods has an incredible number of new products that will delight pupils with charming designs, updated decor and improved functionality.

## New series of Kite Dogs and help for four-legged friends

What do children like most? Be creative or play with pets? It's so hard to choose! After all, both activities give children happiness and strength. Now there is no need to choose one activity as Kite combines these two greatest childhood joys creating a stunning range of **Kite Dogs** stationery.

### Kite Dogs stationery:

1. **Introduces children to the representatives of different dog breeds that show off on all packages of the range.** Maybe this will help someone to decide on a future pet, as well as will interest and broaden horizons.
2. **It will please collectors — as with Kite you can collect stationery with favorite dog breeds.** And this is a dream of each dog lover.
3. **This is a real help for homeless animals —** buying any product from the Kite Dogs range part of the money goes to help homeless dogs under the program of help for homeless animals in conjunction with the charity foundation "**Four Paws**" [www.four-paws.org](http://www.four-paws.org).

Give hope together with Kite!

# Kite is a first-class stationery!
