# Kite Collection 2021

Kite Collection is a combination of traditional German quality, world fashion trends and care for the health and ecology of our Planet. Kite designs backpacks for everyone! The assortment includes models for all ages and tastes.

## Kite Kids Backpacks for little ones

Adorable backpacks for toddlers from 2 to 7 years old. Comfortable accessories and exciting toys at the same time! Perfect fit for preschoolers and primary school students who attend extracurricular activities. Kids will love the bright designs!

## Kite Education Backpacks for primary school

These are the backpacks that help us maintain perfect posture from the childhood. We offer orthopedic models that are "hunted" by first graders parents all over the world. A very wide range of hard-shaped, half hard-shaped and soft backpacks.

## Kite Education Teens for students of all ages

Teens orthopedic backpacks are for school and walks. In a striking swirl of designs, every teenager will find a model that perfectly illustrates his personality. Optimized space for stationery and gadgets. Each Kite Education Teens backpack comes with a stylish branded buff!

## Kite City

Comfortable casual backpacks that turn the city streets into a fashionable street-style catwalk. Provocative and restrained, classic and daring, compact and spacious.

All school models are orthopedic. The patented Ergo Kids, Ergo Back, Ergo Teens, Air Comfort backs and the innovative Anti Gravity System are designed for students of all ages, from first graders to graduates.

## Kite 2021 Innovations:

**Wonder Kite is our pride! VIP offer for demanding customers.** Capsule school sets "Backpack + pencil case + shoe bag" with extended functionality and unique design. Sold in full sets only.

**Backpacks with LED-lighting.** Glow and flicker in 3 modes. Cool and unique decoration makes the accessory shine and the child is clearly visible in the dark.

## AGS ANTI GRAVITY SYSTEM™

**The AGS back significantly reduces shoulders and back load.** It works as a car air suspension system: while walking, the backpack seems to float behind you. The contents of the backpack feel up to 25% lighter.

**Glow in the dark decorations.** A special application like phosphorus that stores light and reveals it in the dark.

**Backpacks made from recycled plastic bottles:** each backpack makes the planet 35 plastic bottles cleaner (this is the amount of bottles needed to make 1 model).

**Perfectly organized inner space.** Gadget pockets contain soft inserts to protect the screen from scratches. For younger students, there are special tags for personal information. Convenient navigation icons indicate the purpose of each pocket.

**Orthopedists recommend Kite!** The entire Wonder Kite line and KITE models 501, 531, 555, 700, 706, 720 are approved and certified by the German Institute for Health and Ergonomics IGR.

We never stop developing and are always ready for mutually beneficial cooperation with our clients!

**KITE is your first-class backpack!**
